

Contribute to the Preservation of Haystack Rock

Your tax deductible donation to Friends of Haystack Rock directly supports the Haystack Rock Awareness Program as it continues its crucial role in the education of local residents and the growing number of visitors from around the world.

You can also contribute by becoming a volunteer.

Volunteers are always needed to participate in the Haystack Rock Awareness Program, either as interpreters on the beach, (free training sessions are offered twice a year) , or helping with mailings, promotions, grant writing, computer data entry etc.

We are looking for the donation of rooms by hotels for housing personnel from USFW who come to assist us on the beach on high visitor impact days.

HRAP maintains a list of items on their 'wishlist', which is posted on our website.

Please use the form below to make a financial contribution to the program or indicate your interest in volunteering.

Friends of Haystack Rock

Providing guidance and support for the Haystack Rock Awareness Program

Enclosed is my contribution _____

I would like to volunteer on the beach _____

Please call me at: _____ to discuss other ways I would like to contribute to your program
